

Let's Start Playing!

1

Attach the Strum handle firmly in place. It's OK to apply force while pushing down on the handle.

2

Connect the Arcana Strum to a computer with the included USB cable.

3

Open a web browser and go to www.arcana.school
Works on Chrome, Edge or Brave.

If a pop-up message appears asking to confirm a MIDI device, click **Allow**.

4

Power on the Arcana Strum by pressing the Power button for 3 seconds.

5

Move the Strum Stick forward and back while pressing down on any Key. You should be hearing the Arcana Strum playing on your computer. Find songs and lessons here www.arcana.school
